

Scott Austin, Senior Executive Vice President

Scott leads Everledger's business in the Americas, working closely with the team to make technology breakthroughs that solve the challenges facing our clients. Scott is also actively involved in Investor Relations with our partners.

Scott was previously Director of the Asia Pacific Smart Card Association for Australia, New Zealand and Singapore. He has over 20 years experience in the development and evolution of Identification Technologies (Smartcard/RFID/NFC), Internet of Things (IoT) and blockchain technologies, supported through his Certificate in Future Commerce, Financial Technology from MIT. Scott will serve on AIM's board for a 3-year term.
